GENERAL MOTORS CORPORATION, et al,

Chapter 11  
Case No. 09-50026 (MG)  
(Jointly Administered)

Honorable Martin Green,

I have been a part of these cases for many years, and have always had at least a week to respond on these. This last set of paper work was mailed (postmarked) May 4<sup>th</sup>, 2020 which I attached a copy of and a response to you, was supposed to be in by May 6<sup>th</sup>, 2020. I had not even received the paperwork (hearing) in the mail yet.

I don't feel this is appropriate. Although I am not getting anything from the cases or haven't as of yet, I still want to be included.

Several of these species are found along sandy banks of rivers and streams, especially in the lower reaches of the Colorado River, and in the Colorado River drainage basin. The Colorado River drainage basin is the largest drainage basin in the United States, and it is the largest drainage basin in the world that is entirely within the United States.

and not until quite recently, did we begin to understand the importance of the role of the brain in the development of the mind.
